**ROYAL GOVERNMENT OF BHUTAN  
MINISTRY OF HEALTH AND EDUCATION  
EDUCATION DIVISION**

Ref. No. P226(A)/SPBC-Edn/97/\_\_\_\_\_

19 February, 1997

**COMPLETION CERTIFICATE**

This is to certify that M/s Lhaki Construction Co. was awarded the construction of Khuruthang Junior High School under the Primary Education Project (PEP), at a contract price of Nu. 12,462,800.58 in July 1994 with a contract period of 24 months.

The completed project cost went up to almost 20 million due to the inclusion of additional buildings and site development works that were awarded during work execution.

The project school was scheduled to be commissioned in 1997 only, after completing the project in June 1996. However, since the school construction was completed earlier than scheduled, it was possible for the education division to commission the school from the 1996 academic session.

This was possible only due to the tireless efforts and efficient project management of Mr. Gopal Chhetri, Project Manager cum Civil Engineer of M/s Lhaki Construction Co.

During our association with Mr. Chhetri, he was found to be hardworking and capable of taking initiatives, professionally competent, decisive and above all he was very co-operative in accepting changes that were made by the division from time to time.

We look forward to working with M/s Lhaki Construction Co. and with Mr. Chhetri in our future projects.

We wish them good luck and every success in all their future endeavours.

(Basant Raj Chhetri)  
Project Engineer, PEP  
School Planning & Building Cell

(Tingme Zangpo)  
Dy. Project Director, PEP  
& Officer-In-Charge, SPBC
