Workmanship Certificate for Lhaki Construction Company

Starting in October 1989, Lhaki Construction Company has executed following works for the NRTI Construction project under Helvetas:

Phase 1	Convention Hall and School Building Structural civil and wood works	Nu.	4'900'000
Phase 2	Convention Hall and School Building Interior civil works	Nu.	1'400'000
Phase 3	Hess and Administration Building Structural civil and wood works	Nu.	5'600'000
Phase 4	Hess and Administration Building Interior civil and wood works	Nu.	1'800'000
Painting	School Building, exterior and interior painting	Nu.	300'000
Staff Housing	Phase I, Windows and extra elements Structural and secondary frames and shutters	Nu.	1'500'000
Total work done for NRTI Construction		Nu.	15'500'000

All above works have been completed with the exception of Phase 4, which will be finished by middle of August 1993.

Lhaki has been represented during most of the contract durations by Mr. Gopal Chhetri, Site Engineer. During the execution, Lhaki has gained very much additional experience in management and construction technology. Considering the complexity and the high quality standard required by Helvetas, Lhaki has worked with much skill and sincerely. We recommend Lhaki for other major construction projects in Bhutan.

We hope that Lhaki will use the experiences made on our site and benefit from them in the future. We wish Lhaki Construction Company all the best for the next works.
